

Club Activities@SBPS

To hone the creativity of the students various club activities were organised in the premises of Sarala Birla Public School on 17th of August,2019. Emphasis was laid on the active participation of all students on various social, athletic and artistic clubs like- leadership and vigilance, junk modelling, shramdaan, gardening and Eco club, science innovation, maths club, IT, media and communication, first aid, skating, etc. Students were guided to discover and create their own understanding in their respective field of interest. In quiz and heritage, a small quiz was conducted on the cultural heritage of India and posters were also designed for the same. In cricket, football, firing and shooting club, students were given training on various techniques for the same. In movie and documentary, short motivational videos highlighting the day to day issues of society were shown. In media and communication, students of senior wing visited the office of a popular newspaper to learn the procedures involved in printing of newspaper while the primary wing students learnt to write reports on various topics. In gardening and Eco club, the students planted saplings in the school premises. In science and mathematics innovation club the senior children learnt the usage and application of electromagnetic induction while the junior students learnt to use the battery-operated torch and jet planes. In Robotics club, the students learnt the formation of lower arms and their movement while in shramdaan the students visited the horticulture department and prepared soil packets. In IT club the students learnt to design a kiddie while in Dramatics and script writing, students were taught the basic skills to write a script. In carpentry, students were acquainted with various tools used in carpentry while in junk modelling the senior students learnt the designing of junk wind car and the primary wing students made decorative baskets using plastic bottles. In legal literacy, a guest faculty from law institute was invited to guide the students related to various laws while the primary wing students were introduced about various fundamental rights and did poster making on the same.

School Head Personnel and Admin Mr Pradip Varma said that such activities provide an opportunity to the students to learn and exhibit their potential in several activities other than academic excellence.

School Principal Mrs Paramjit Kaur said that such activities are the integral part of the school curriculum which renders an opportunity to the students to attain their desired goals. Such experiential learning gives first hand knowledge to the students facilitating concept formation.
