June whole is well	

Exercise 4.1

2. Colour $\frac{1}{3}$ of each shape. One has been done for you.

3. Colour $\frac{1}{4}$ of each shape. One has been done for you.

. Colour $\frac{3}{4}$ of each shape. One has been done for you.

Write fraction for each of the shaded parts.

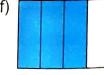

d)

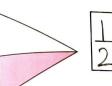

g)

Fractions of a Collection

 $_{\mbox{\scriptsize A}}$ collection or group of objects can be taken as a whole.

Look at the picture here.

- a) sitting on the branch?
- b) flying off?
- a) Fraction of the birds sitting on the branch

$$= \frac{\text{Number of birds on the branch}}{\text{Total number of birds}} = \frac{3}{5}$$

Thus, three-fifths of the birds are sitting on the branch.

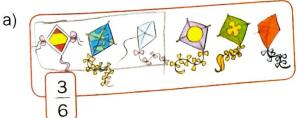

b) Fraction of the birds flying off

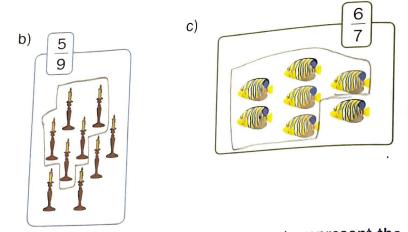

$$= \frac{\text{Number of birds flying off}}{\text{Total number of birds}} = \frac{2}{5}$$

Thus, two-fifths of the birds are flying off.

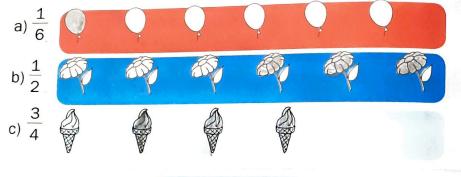

Exercise 4.2

1. Circle as per the fraction.

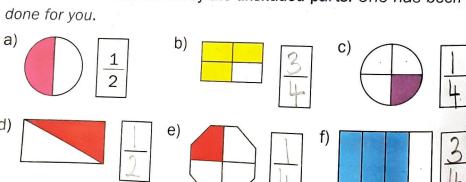

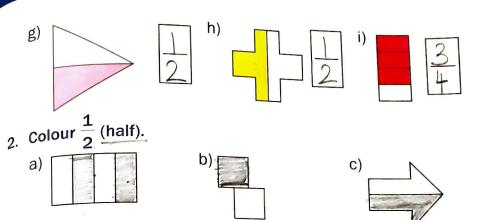

2. Colour the following collection of figures to represent the given fraction.

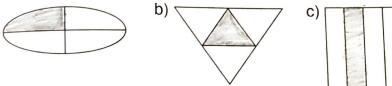

cult welves.

Write the fractions shown by the unshaded parts. One has been

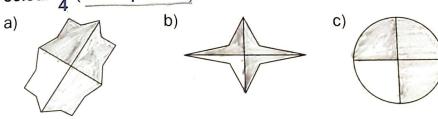

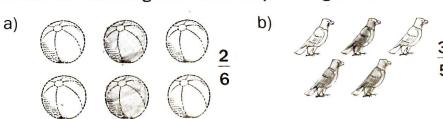

5. Colour the following collections as per the given fraction.

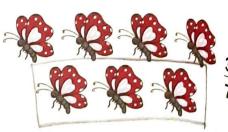

6. Circle the following collections as per the fraction.

a)

b)

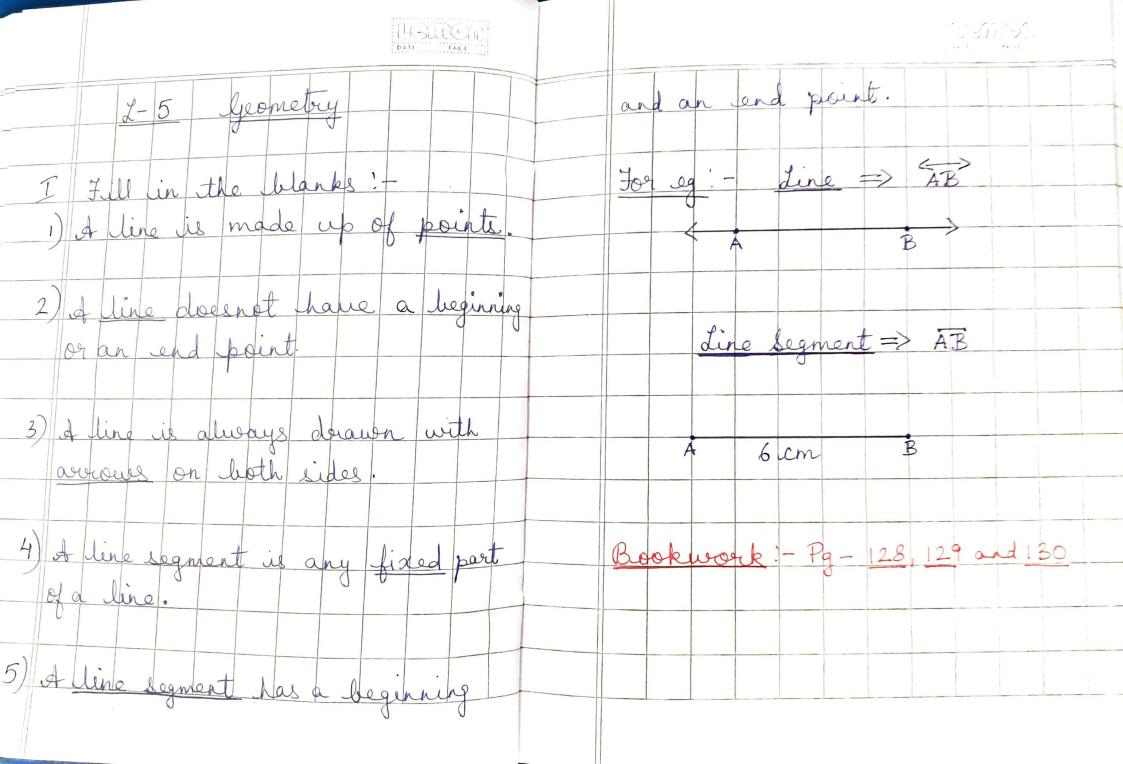

Mental Maths

Divide the following squares into one half $(\frac{1}{2})$ in different ways.

Think and Answer

The class teacher gave 8 halves of chart papers for project work to the students. She also gave 16 quarters of marble papers. How many whole chart papers and marble papers did she actually give?

Exercise

1. Write the name of each of the given figures.

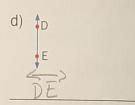

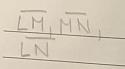

2. Write the names of line segments in each of the given figures.

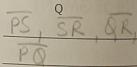

AD, DC, BC, AB LM, MN,

Review Time

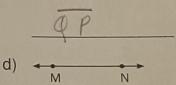

Name the points marked on the following line.

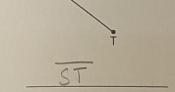

2. Write the name of each of the following figures.

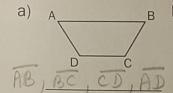

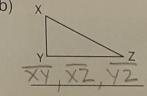

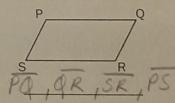

3. Write the name of line segments in each of the following figures.

- 4. Fill in the blanks.
 - a) A line segment has _____ endpoints.
 - b) A line has _____ endpoints.
 - c) A line segment has _____ length.
 - d) A point shows a definite policy.

Mental Maths

Fill in the blanks with the correct words.

point line line segment

- 1. If you make a dot with a sharp pencil, you will get a
- 2. is a set of points.
- 3. A line log mer has a fixed length.

Think and Answer

Mark 2 points M and N in your notebook. How many straight lines can you draw passing through these two points?

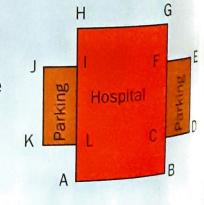

Values and Life Skills

Abraham's father donated a piece of land to a charity organisation for building a hospital.

The shape of the land is given alongside. Write the points and the line segments that mark the area for parking and for the hospital.

Area for the hospital:

Points:

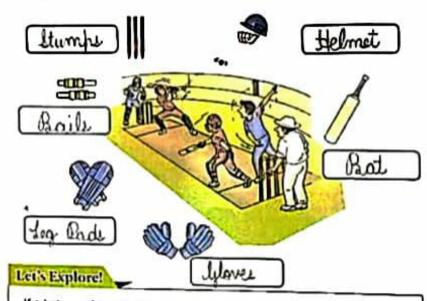

Line segment:	
Area for parking:	
Points:	
I ine segment:	

Cricket

There are 11 players in a cricket team.

identify the names of the cricket equipment shown in the picture.

If a batsman hits a ball that goes over the boundary line without bouncing, then the batsman scores six runs. Find out the other ways in which a team score runs in this game.

Animals in Films

Warm up

Name your favourite animal. Why do you like it?

Finding Nemo Madagascar penguins
The Jungle Book donkey Stuart Little

1. In movie Shrek, this animal was the Ogre's best friend.

denkey

2. The film Happy Feet is based on the lives of these birds.

honquine

3. It is a film about a mouse who is adopted by the Little family.

4. This Oscar-winning film is about a clown fish in search of his son.

Marty, the zebra, and Alex, the lion, are best friends in this film series.

Mod agascar

6. In this film, Mowell was raised by seven wolves with the help of Baloo, the bear.

Now I know

201 Dalmatians,
Beethoven and Bote
are some popular
films Featuring a
dog as the main
character.

12

Flags of the World

The Indian flag is also known as 'Tricolour' because it has three colours. Can you name all its three colours?

Match these countries with their flags.

a) South Africa 3

b) United Kingdom

United States of America

d) Germany 2

e) Australia

ltaly 8

g) China 5

h) Pakistan 6

Let's Explore!

Collect pictures of the flags of other countries and prepare a collage. Also, explain the Importance of a flag for a country in brief.

Now I know

The study of flags is catted venillology.

Our Planet

What is the name of our planet?

Let us read these interesting facts about our planet.

- 1. Earth is the third planet from the Sun and the fifth largest in the solar system.
- 2. It is placed between the planets Venus and Mars.
- 3. Earth's diameter is just a few hundred kilometres larger than that of Venus.
- 4. Oceans cover nearly seventy per cent of the Earth's surface.
- The seasons are a result of Earth's revolution around the Sun.
- 6. The atmosphere that envelops the Earth consists of 78 per cent nitrogen, 21 per cent oxygen and 1 per cent of other gases. This affects Earth's long-term climate and short-term local weather conditions. It protects us from the harmful ultraviolet rays of the Sun.

Let's Explore!

Find out why Earth is called a unique planet.
