

**Sub: Biology
(Assignment-2)**

Chapter 1

On the basis of the type of food eaten, animals are placed in three categories –

- Herbivores – Animals which eat only plants are called herbivores. Ex- Cow buffaloes, goat, zebra, etc.
- Carnivores – Animals which eat only animals are called carnivores. Ex- Lion, Tiger, wolf, etc.
- Omnivores – Animals which eat both plants as well as other animals are called omnivores. Ex- Bear, Crow, human being, etc.

Activity based question –

Find out what the following animals eat and classify them into herbivores, carnivores and omnivores.

Name of the animal	Food the animal eats	Category of animal(herbivore, carnivore or omnivore)
Buffalo		
Cat		
Rat		
Lion		
Spider		
House lizard		
Human being		
Butterfly		
Crow		

Value based questions-

1. Does everyone around you get enough food to eat? If not, why?
2. What are the ways we can think of to avoid wastage of food?
