

ASSIGNMENT-2

L-2 OUR ENVIRONMENT

The world that we see around us is our environment. It is made up of many things like the Sun, the Moon, stars, garden, cars etc. The environment has living and non-living things.

Living-things-All the things that are alive are living things. E.g. –birds, animals etc.

Non-Living things- All things that are not alive are non-living things. E.g.-car, bus etc.

Q1. Fill in the blanks

- 1.All things that are alive are called _____ things.
- 2._____ is a human made thing.
- 3._____, _____ and _____ are natural things.
- 4.The world that we see around us is called our _____.

Q2. Write true or false

1. Birds animals and humans are living things. _____
2. Everything that moves is a living thing. _____
3. The world that we see around us is our environment. _____
4. Like other living things, plants do not breathe. _____

Q3. Answer them

1. State any two differences between living and non-living things.
2. What is environment?
3. Give five examples of human made things.

Q4 Draw, label and colour one living and one non-living thing.

Note: To be done in assignment copy (4 lined, 44 pages)
