CLASS-KGII, (2020-21)

Sub: EVS Assignment-1

Our body has different parts like - head , ear, lip, nose, neck, hand, knee etc.

There are five sense organs in our body, which help us to see, hear, smell, taste and feel.

Let's enjoy singing rhymes on body parts-

Come little children, clap! clap! clap!
Show your tongue and wak! wak! wak!
Bend your wrist and roll! roll! roll!
Touch your elbow pat! pat! pat!
Move your ankle dance! dance! dance!
Raise your heels and run! run! run!

Now children, given exercises will help you to understand the chapter more clearly-

1. Name any six body parts:

a. _____

b. _____

c. _____

d. _____

e. _____

f. _____

2. Circle the correct answer :

- a. Neck / Nose helps us to smell.
