

I. Choose and write the correct option: (To be done in science assignment copy)

1. Fishes breathe through \_\_\_\_\_.  
a) skin                      b) air holes                      c) gills
2. Human beings have \_\_\_\_\_ to breathe.  
a) lungs                      b) gills                      c) air holes
3. Food provide us \_\_\_\_\_.  
a) wood                      b) energy                      c) soil
4. \_\_\_\_\_ helps animals to perceive taste.  
a) skin                      b) tongue                      c) nose
5. Plant use \_\_\_\_\_ to make food.  
a) nitrogen                      b) carbon dioxide                      c) dust particles
6. Cat gives birth to \_\_\_\_\_.  
a) puppy                      b) calf                      c) kitten
7. Leaves of \_\_\_\_\_ plant get closed when touched.  
a) tulsi                      b) rose                      c) touch me not
8. Plants grow from \_\_\_\_\_.  
a) air                      b) seeds                      c) sunlight
9. \_\_\_\_\_ hatches from the egg of a hen.  
a) larva                      b) worm                      c) chick
10. Which of these are non-living things?  
a) star                      b) plant                      c) human
11. \_\_\_\_\_ can move themselves from one place to another.  
a) books                      b) animals                      c) chairs
12. Animals and plants depend on each other for which of the following factors?  
a) food                      b) soil                      c) water
13. Cows and giraffes are \_\_\_\_\_.  
a) producers                      b) herbivores                      c) carnivores
14. Birds build \_\_\_\_\_ to live in.  
a) holes                      b) nests                      c) caves
15. Plants provide us \_\_\_\_\_.  
a) oxygen                      b) shelter                      c) food                      d) all of these

- II. Project work (To be done in scrap file or A4 size paper which ever available)
- A) Draw or paste any two examples of
  - B) Herbivores
  - C) Carnivores
  - D) Omnivores

And write their eating habits.
