1. The students will have online classes through Microsoft Teams / Zoom app. The schedule and other details for the classes will be uploaded on the website.
2. Encourage your ward to regularly attend the classes. 85% attendance is required to be maintained throughout the session and in each month. In case of online classes, a student needs to attend all the periods in a day as per the schedule.
3. Students should be in proper school uniform while attending the classes.
4. Please cover all the books and copies properly and label them according to the book list.
5. The syllabus will be uploaded on the website at the beginning of the session to keep you informed of the curriculum to be covered during the session. This also helps you reinforce school work at home. Please keep this handy and check it every day.
6. There will be four Periodic Tests during the academic year. Please follow the schedule and syllabus for the portion.
7. Notices are sent through SMS, Broadcast or E-mail. Please make sure your correct mobile number and mail ID is given to school and respond to the phone call promptly.
8. SBPS conducts PTM (Parent Teacher Meet) at regular intervals. Take advantage of that opportunity to show your child how sure you are that school is a wonderful place with kind people and lots of learning adventures in store.
9. Every child of SBPS will participate in the school functions held during the academic year. This is an important part of the child's development and helps in confidence building.
10. A holiday list is given in the almanac. Please go through it carefully.
11. Any leave without prior information during exams is strictly prohibited. **No retest will be conducted.** In case of leave for medical reason you will have to submit an application along with the doctor's prescription and pathological report.
12. Acknowledge your child's strengths, shower praise on him/her and gently help to overcome his/her weaknesses.
13. You are the greatest influence in your child's life. No one knows and cares for your child more than you do. The school is a natural extension of home. The teachers and parents play a complementary role, acting in partnership to support and develop the child.
14. Set the stage for success by speaking positively and confidently about school and teachers to your child. Do not criticize the teacher/staff/school system in front of your child.
15. Reading/telling stories to your child is invaluable. Read with enthusiasm and delight. Talk about the pictures and the characters with your child. Talk about the great personalities. Narrate stories of Panchtantra and other moral stories.

School reading schemes need to be reinforced with cozy reading sessions at home that will develop a thirst for books. It will take a lot of effort to get your child addicted to books but will be well worth the effort in the long run.
17. Your views are important to us. You can put up your views by calling at the reception (**9507035717 /9507035987**) during the school hours or mail us at info@sbpsranchi.com.
