

15th Copy work _Std IV_Maths

Ch.9-PICTOGRAPH

Do it in the book page no.155

CHECKPOINT

ENRICHMENT ACTIVITY

Fill in the blanks.

1. Pictographs use pictures or symbols to represent facts or numbers.
2. A pictograph mainly has three elements.

EXERCISE 9.1

A. The following pictograph represents the favourite sports of all the students in Class IV.

Cricket	● ● ● ● ● ●
Swimming	● ● ● ● ●
Table Tennis	● ● ●
Football	● ● ● ● ● ● ● ●
Skating	● ● ● ● ●
Each ● represents 15 children.	

1. Which is the most popular sport among the children of Class IV? *Football*
 2. Which is the least liked sport? *Table Tennis*
 3. What is the total number of children who like skating and swimming? $(4+4) \times 15 = 8 \times 15 = 120$
 4. What is the total number of children in Class IV? $22 \times 15 = 330$
- B. The number of letters collected from a post box in each of the five months is shown below.

July	✉ ✉ ✉
August	✉ ✉ ✉ ✉ ✉
September	✉ ✉
October	✉ ✉ ✉ ✉
November	✉ ✉ ✉ ✉ ✉ ✉
Each ✉ represents 50 letters.	

1. In which month were minimum number of letters collected? *September*
2. In which month were maximum number of letters collected? *November*
3. How many more letters were collected in July than in September? $(3-2) \times 50 = 50$
4. What was the total number of letters collected in five months? $20 \times 50 = 1000$

C. The number of people visiting a zoo on five days of a week is shown in the following pictograph.

Monday	
Tuesday	
Wednesday	
Thursday	
Friday	
Each  represents 20 persons.	

1. On which day did most number of people visit the zoo? How many? *Wednesday*
2. On which day did the least number of people visit the zoo? *Monday*
3. If the entry ticket costs ₹ 20, what was the collection on Friday? $7 \times 20 = 140$
 $\Rightarrow 140 \times ₹ 20 = ₹ 280$
4. How many less people visited the zoo on Thursday than on Tuesday?
 $(6 - 5 = 1) \Rightarrow 1 \times 20 = 20$

WORKSHEET

PICTOGRAPHS

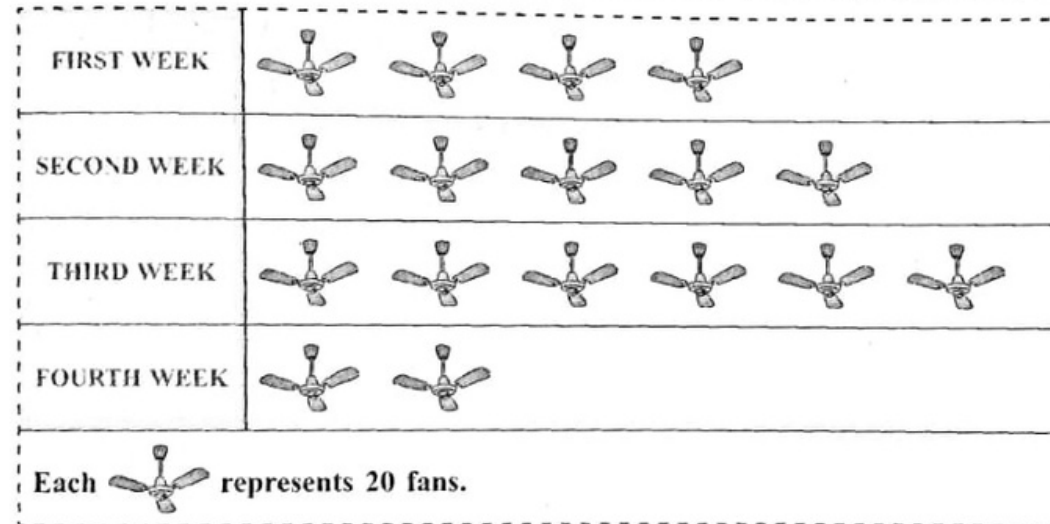

A. Tick (✓) the correct options.

- A _____ is a pictorial representation of the data using pictures or symbols.
 - tally mark
 - pictograph
 - bar graph
- A pictograph mainly has _____ elements.
 - 1
 - 2
 - 3

B. Draw a pictograph using the data given below.

SUBJECTS	SOCIAL SCIENCE	HINDI	ENGLISH	SCIENCE	MATHS
Periods in a month	15	20	30	60	50

C. The number of fans produced by a factory in the four weeks of October is given below.

Answer the following questions.

- In which week the maximum numbers of fans were produced? How many? *Third week (6 × 20 = 120 fans)*
- In which week the least number of fans were produced? How many? *Fourth week (2 × 20 = 40 fans)*
- How many fans were produced in the first week? *(4 × 20 = 80) fans*
- How many fans were produced in the second week? *(5 × 20 = 100 fans)*
- What is the total number of fans produced in October? *17 × 20 = 340 fans*

Name:

Teacher's signature:

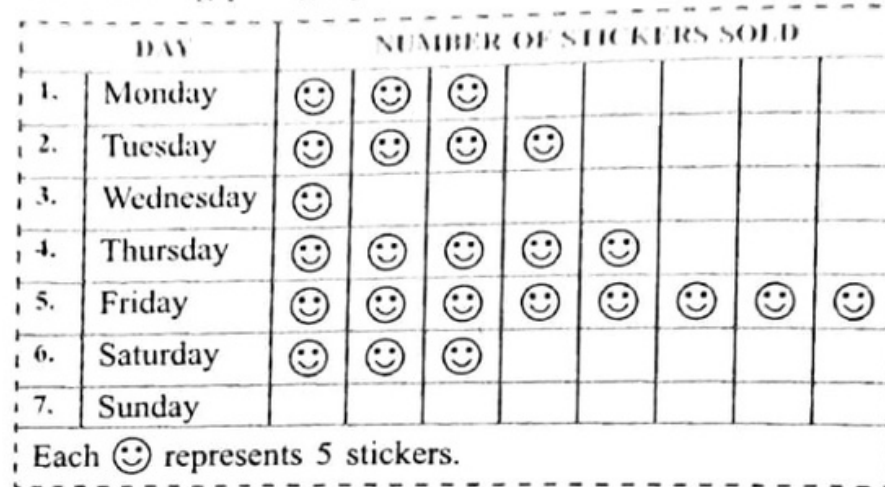

Class:

Date:

WORKSHEET 2

PICTOGRAPHS

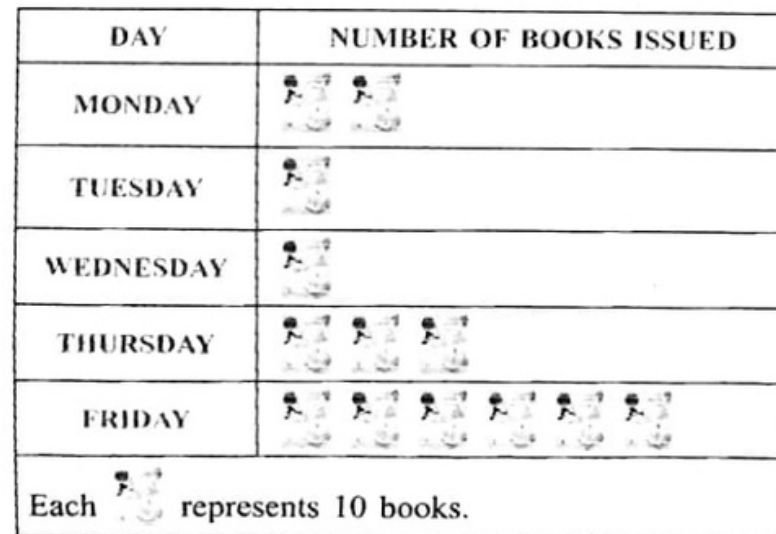

A. The following pictograph shows the number of stickers sold in a school stationery shop.

Answer the following questions.

- How many stickers were sold out on Monday and Friday? $(3 + 8 = 11) \Rightarrow 11 \times 5 = 55$ stickers
- Add up the number of stickers sold out on Tuesday and Wednesday. $(4 + 1 = 5) \Rightarrow 5 \times 5 = 25$ stickers
- On which day were the most stickers sold out? *Friday*
- Why do you think there were no stickers sold out on Sunday?

B. The pictograph below shows the number of books issued in a school library on five days of a week.

Answer the following questions.

- On which two days, the same number of books were issued? *Tuesday and Wednesday*
- How many books were issued on Monday? $2 \times 10 = 20$ books
- How many books were issued on Thursday and Friday? $(3 + 6) = 9 \times 10 = 90$ books
- Find the total number of books issued in the week? $13 \times 10 = 130$ books
