Notebook work

3. How 'Draw' is useful in making posters?

Ans- Draw helps to design pictures, make cards, poster in different patterns and styles. It helps to create different shapes and designs using lines, circles, etc and also enables to modify the images.

4. Rohit wants to make some small posters for the advertisement of his coaching classes. Which software can be used by him for making posters.

Draw

✗ Karishma has created various patterns and objects by using the software 'Draw'. Write the steps for adding effects like:

(i) Rotating an object on the screen

.....

(ii) Flipping an image over the screen

.....

THANK YOU
