

REFLECTION OF LEARNING

This assignment on Counseling Laboratory TM with students I got to practice and apply all the theories and strategies I had only learnt about so far. It provided me with the opportunity to have hand on experience. Reflection of my learning from this assignment:-

- the difference between career counselling and career guidance.
- Overview Of New Age Career Paths
- Career Counselling Process Flow
- Career Analysis And Career Counselling For 8th To 10th Class Students
- Career Analysis And Career Counselling For 11th And 12th Class Students
- Understanding College Selection Criteria
- How To Find Out Suitable College For The Student
- How To Prepare Admission Plan And Career Roadmap For The Candidate
- Learnt core methodology and analysis behind the career assessment to find a most suitable career path for the candidate.
- Work upon and enhanced my
 - problem solving skill
 - interpersonal skill
 - communication skill
 - organisation skill
 - teamwork skill
 - crisis management
 - guidance and support
