**A LETTER FROM THE PIONEER INDUSTRIALIST  
GHANSHYAM DAS BIRLA TO HIS SON  
BASANT KUMAR BIRLA  
(Written in 1934)**

Dear Basant,

I advise you to read this letter when you become an adult and are older.

I am writing from my experience. To be born as a human being in this world is a rare opportunity-this is true. One who abuses one's body, having obtained the human form, is only an animal.

You have received a lot of wealth and good resources. If these are used to serve others, then, of course, such resources will become useful. If not, they will become a devil's weapon.

Pay heed to these principles:

1) Never use wealth for luxury and cheap pleasure. Ravana had indulged in luxury and promiscuity; King Janaka had rendered service. Wealth is never eternal; therefore, so long as it lasts, use it for serving others. Use the least possible amount for yourself, the rest you should spend to alleviate the sorrows of suffering ones.

2) Wealth is power. Intoxicated by such power, one may act unjustly towards another - you must be careful about this.

3) Do not leave this advice for your children; if they lead a life of comfort and luxury, then they would be committing sin and destroying our business activities. You must not bequeath wealth to such spoiled brats. Before it can reach them, distribute it to the poor. You have to realise that you are the trustee of such wealth, and we brothers have generated this wealth in the hope that you will put it to good uses.

4) Remember always that you hold wealth on behalf of the common citizens.

You cannot use it for your selfish ends.

5) Never forget God. He gives right understanding.

6) Keep your senses under control, otherwise, they will drown you.

7) Physical exercise must be done regularly.

8) Control your consumption of food. Those who eat to please the palate die early and cannot work enough.

Ghanshyam Das Birla

## REFORMATORY MEASURES

We believe that Reformatory Measures are formulated to help students with behavioural disorders and non-adherence to school rules, regulations and norms. It is with the belief that the core component of every child is goodness and reformatory measures would reform the child and bring him/her into the mainstream of the class with a better standard of conduct.

So instead of punishments, we have reformatory measures. This is a complete charter of wrongs that have time and again been committed by students and their reformatory measures are to be implemented. For example; if a student destroys school property, the child is assigned the task of cataloging or covering of books in the library, cleaning of a specified area on campus, preparation of 'sorry' or 'get-well' cards and so on.
